

# DATACARD® TRUCREDENTIAL™ EXPRESS SOFTWARE

## ADVANCED SOLUTIONS FOR ANY LEVEL

Whether you're just starting an ID card or credential issuance program or need to grow your current capabilities, the Datacard® TruCredential™ Suite offers an edition that's just right for you.

### Basic, secure ID card issuance

- *TruCredential Express software:* Basic photo capture and data import, credential designer, and drag-and-drop workflows for a single-user environment.
- *TruCredential Plus software:* Signature capture, DSLR camera support, report capabilities, composite field support and SQL server support.

### High-assurance credential issuance

- *TruCredential Professional software:* Smart card support, decentralized data capture, centralized data management, Microsoft Active Directory integration support, Oracle database support and document scan capture support.
- *TruCredential Enterprise software:* Additional PACS and access control system integration support, PeopleSoft HR system integration support and higher scalability up to hundreds of user stations.

## Launch Your ID Card Program with Complete Confidence

Datacard® TruCredential™ Express software is the ideal starting point for organizations that want to make their people and premises more secure. Built for a single-station user, TruCredential Express software delivers the core tools you need to easily design, print and manage ID cards and credentials. This user-friendly software offers data-driven production and a familiar web-based platform for issuing basic IDs. Plus, you can scale up easily to another, more feature-rich edition in the TruCredential Suite as your needs grow.

**Modern, intuitive platform.** This next-generation ID software integrates our proven global software lines into one platform. Issuing ID cards and credentials is fast and simple with pre-built drag-and-drop workflows and card design templates for a variety of ID card program applications.

**Simple personalization and security.** Add magnetic stripes, QR codes and bar codes, as well as manage data capture and printing processes, all with TruCredential Express software. Easily enroll cardholders by importing personal information, photos or documents, then design and personalize ID cards with ease.

**Seamless scalability.** As your program evolves, your investment is protected. Scale up easily to another edition within the TruCredential Suite to get additional features, add more users and integrate with other systems and applications.
